

## **Consultant for the documentation of engagement of key stakeholders on the removal of key Intellectual Property Barriers that affect access to treatment and diagnostic services in Zimbabwe**

Deadline: 16 March 2021 (selection will be done on a rolling basis)

### **About**

ZNNP+ is an umbrella body that represents the interests of people living with HIV in Zimbabwe in their diversity. The organization is represented in support groups and community-based organizations at all provincial, district and ward levels of Zimbabwe. ZNNP+'s mission is "An environment where people live positively."

### **Scope and Purpose of Assignment**

The purpose of the assignment is to effectively document experiences and resolutions from engagements with key stakeholders under the HIV Intellectual Property Program. ZNNP+ has engaged and continues to engage with key stakeholders on the removal of intellectual property barriers that affect access to HIV treatment and diagnostic services. The organization would like to document and produce high quality outputs that can be shared with the key stakeholders including ministries, UN agencies and civil society partners.

To achieve this, ZNNP+ seeks the support of a consultant who will document the entire process and come up with a detailed report outlining the key results of the engagement process starting with previous engagements that were conducted. The consultant will be expected to complete the task within 10 days.

### **Qualifications**

The Consultant should prove to have done some work related to the assignment; at least proven experience in documentation of processes particularly national level dialogues and/or high-level engagements that have additional outputs outside the reports; conducted similar assignments traceable through verification of published works including reports or engagement strategies or communiques; and experience in working with a team of people living with HIV professionals.

### **Qualifications:**

The prospective consultant should have a Masters in Communication, Research, Knowledge Management or equivalent, and with significant experience in report writing and developing communiques and action plans. A PhD in these fields will be an added advantage. The consultant should have proven minimum 5 years' experience in developing and publication of post conference or engagement outputs which can be shared with high level stakeholders and partners. Knowledge and experience of participatory assessment/development approaches will be required. Expertise and experience in HIV and intellectual property is required.
